1. Create a directory called MyFolder

```
C:\Users\shohan\Documents>mkdir MyFolder
```

2. Navigate into the MyFolder directory

```
C:\Users\shohan\Documents>cd MyFolder
```

3. Create a file called filel.txt inside MyFolder

```
C:\Users\shohan\Documents\MyFolder>echo > file1.txt
```

4. Write "Hello, World!" to filel.txt

```
C:\Users\shohan\Documents\MyFolder>echo "Hello, World!" > file1.txt
```

5. Display the contents of filel.txt

```
C:\Users\shohan\Documents\MyFolder>type file1.txt

"Hello, World!"
```

6. Create another file called file2.txt inside MyFolder

```
C:\Users\shohan\Documents\MyFolder>echo > file2.txt
```

7. Write multiple lines of text to file2.txt

```
C:\Users\shohan\Documents\MyFolder>(for %i in ("First line" "Second line" "Third line") do @echo %i) > file2.txt
```

8. Display the contents of file2.txt

```
C:\Users\shohan\Documents\MyFolder>type file2.txt

"First line"

"Second line"

"Third line"
```

9. Create a directory called SubFolder inside MyFolder

```
C:\Users\shohan\Documents\MyFolder>mkdir SubFolder
```

10. Write "Hello, World!" to filel.txt in SubFolder

```
C:\Users\shohan\Documents\MyFolder\SubFolder>echo "Hello, World!" > file.txt
```

11. Display the contents of filel.txt from inside SubFolder

```
C:\Users\shohan\Documents\MyFolder\SubFolder>type file.txt

"Hello, World!"
```

12. Delete file2.txt from MyFolder

```
C:\Users\shohan\Documents\MyFolder\SubFolder>cd ..

C:\Users\shohan\Documents\MyFolder>del file2.txt
```

13. Write "Sample Text" to all three files: a.txt, b.txt, and c.txt

```
C:\Users\shohan\Documents\MyFolder>for %i in (a.txt b.txt c.txt) do echo "Sample Text" > %i
```

14. Delete all .txt files from MyFolder

```
C:\Users\shohan\Documents\MyFolder>del *.txt
```

15. Delete the SubFolder (including its contents)

```
C:\Users\shohan\Documents\MyFolder>rmdir /s SubFolder

SubFolder, Are you sure (Y/N)? Y
```

16. Display current date

```
C:\Users\shohan\Documents\MyFolder>date /t

Wed 10/23/2024
```

17. Display current time

```
C:\Users\shohan\Documents\MyFolder>time /t

10:38 PM
```

18. Display system IP address

```
C:\Users\shohan\Documents\MyFolder>ipconfig
```

19. Make a copy of a file (a.txt)

```
C:\Users\shohan\Documents\MyFolder>echo hey hey > a.txt

C:\Users\shohan\Documents\MyFolder>echo > b.txt

C:\Users\shohan\Documents\MyFolder>copy a.txt b.txt

Overwrite b.txt? (Yes/No/All): Yes
```

```
            1 file(s) copied.
```

20. Copy a directory.

```
C:\Users\shohan\Documents\Folder>Xcopy MyFolder SubFolder /E/H/C/I

    MyFolder\a.txt

    MyFolder\b.txt

    MyFolder\Demo\e.txt

    3 File(s) copied
```

21. Move a Directory.

```
C:\Users\shohan\Documents\Folder>move MyFolder SubFolder

        1 dir(s) moved.
```

22. Rename a directory.

```
C:\Users\shohan\Documents\Folder>ren SubFolder RenamedFolder
```

23. Combine and Merge files.

```
C:\Users\shohan\Documents\Folder\RenamedFolder\MyFolder>type a.txt b.txt > f.txt
```
